

THE HALIBURTON COUNTY ECHO

AND MINDEN RECORDER

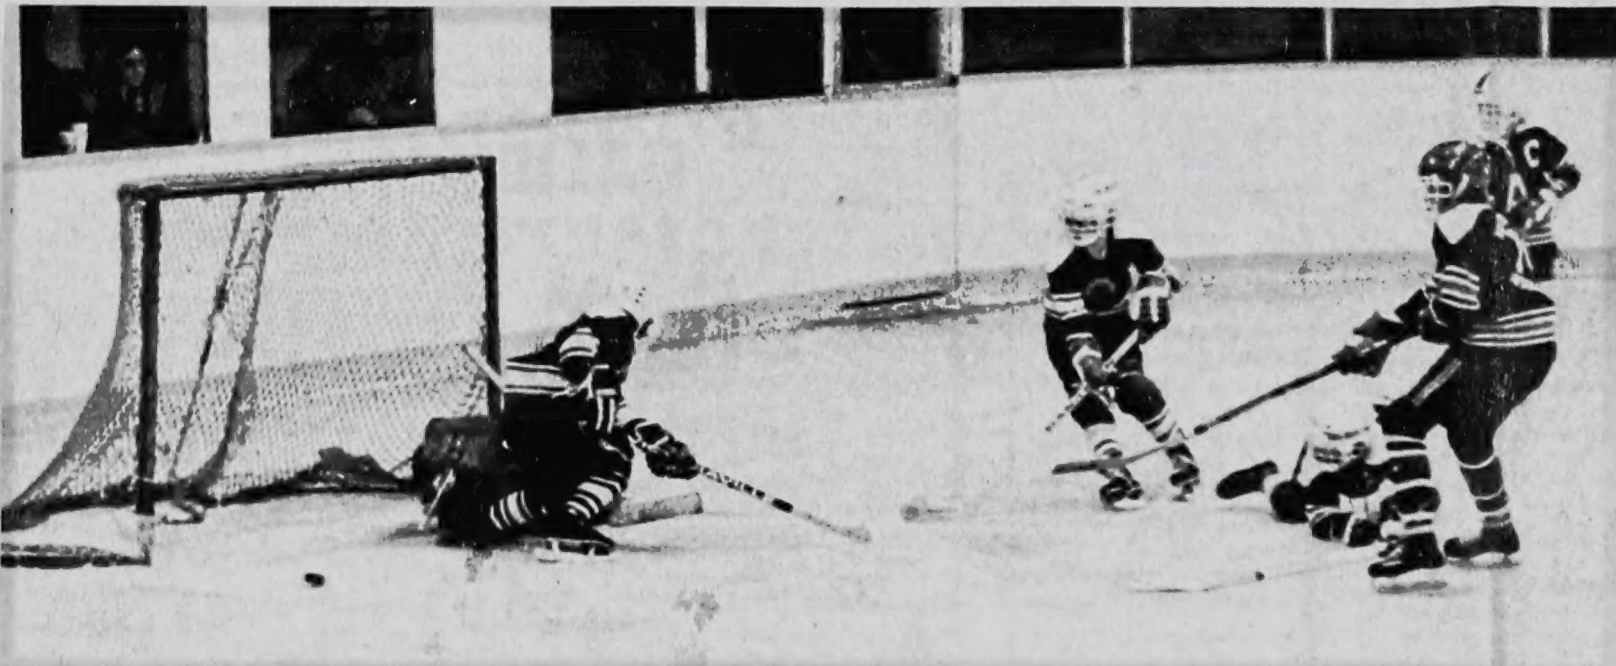

Vol. 96

No. 23

"The voice of the Highlands"

Wednesday, January 25, 1978

12 Pages 20 cents

Lots of action, as seen in this photo, was on display at the Dysart Arena this past weekend as the Kashagwigamog Lake Atom Tournament was underway. The tournament was called a success by many of the participants. See page 3 for details.

Midget players save teammate

Tri County midget players from Haliburton have been credited with saving a team mate's life on a return trip from a game played in Beaverton last Thursday evening. Scott Hore, Chris Roberts, Carl Brisco and Rick Choy were credited with saving the life of team mate Tim Sharpless after Sharpless appeared to quit breathing caused by an obstruction in the wind pipe while eating a piece of candy.

The series of events that led to this started innocently with the local midgets playing a game in Beaverton. During the course of the game Sharpless was hit in the throat with a stick and suffered a brief shortage of wind. Sharpless appeared to be all right after the game and purchased some sponge candy to eat on the trip home. As they were travelling in a vehicle driven by Mrs. Barbara Hore of Haliburton,

Sharpless started choking while eating his candy and slumped into a state of unconsciousness. Mrs. Hore stopped the car and with the help of the coach, who was travelling in the car behind, they pulled Sharpless from the auto and applied mouth to mouth resuscitation while Scott Hore pounded on the chest of Sharpless. This appeared to bring him around. At this point he got back into

the car and the occupants proceeded to Haliburton.

Again Sharpless appeared to drop off into unconsciousness and the same procedure was applied to the victim with Hore beating on his chest and massaging his throat and Choy applying mouth to mouth resuscitation. At Cobocook Mrs. Hore got the attention of an O.P.P. car and the officer was told of the situation. He immediately placed the victim in the

cruiser and radioed for an ambulance to meet him in Fenelon Falls. Sharpless was rushed to emergency to the Ross Memorial Hospital where he was treated by a Dr. Brian Fagan.

When contacted by Echo Sports Dr. Fagan said that it was of his opinion that the injury received in the game was not the reason for the choking, but rather it was of his opinion that the candy was being consumed while the player was still breathing quite heavily from the game. When asked by The Echo if the chest and throat massaging was of any value Dr. Fagan replied that it was quite possible it saved Sharpless' life. Tim Sharpless was detained overnight and released the following day.

Railway meets with County

Canadian National Railways officials told Haliburton County Council at its inaugural meeting last week, that no major changes in rail service would be made in the Haliburton Area without prior notification and discussion between the two bodies.

Robert Burns, Rideau area manager and Ken Holman, Industrial Development Officer with CNR, met with county council and said that they would be agreeable to meet with the county Economic Development Committee to discuss possibilities of increased future business. The meeting was arranged at the request of council through Victoria-Haliburton MP Bill Scott.

Hodgson appointed to county committee

Former Haliburton-Victoria MPP Glen Hodgson has been appointed by Haliburton County Council to review and report back to county council on the interim report submitted to the provincial government concerning property taxation.

Mr. Hodgson will meet with the county solicitor and the Board of Education to determine what effect the proposed legislation would have on county municipalities and report back to council at the February meeting.

Warden Patrick Conaghan will meet with Mr. Hodgson and they will determine what Mr. Hodgson will be paid for his services.

The appointment was made at the suggestion of Dysart Reeve Murray Fearrey.

Chamber proposes

New Craft Centre planned for Haliburton village

A new craft centre located in Haliburton village has been proposed by the Chamber of Commerce as a major tourist attraction for the area.

In a brief, as part of its annual report to County Council, Chamber president, Dennis Casey outlined the proposed plan.

"Background - During his visit in July, 1976, the Honourable Claude Bennett received a brief from the Chamber in which we stated that our area was in dire need of a major Tourist attraction. Mr. Bennett agreed with this contention and said that it was up to us to propose the idea, and his ministry would be pleased to assist in any way possible with any worthwhile project. After much deliberation the concept of a Craft Centre as described here was agreed upon.

"Objective - The centre is envisioned as similar to the existing Haliburton School of Fine Arts but on a much larger, broader and more professional scale. The centre would attract serious craft students; year round to take certification courses in a large variety of handicrafts. A large display area would be available to show finished work and items for sale. A distribution service would be available to make finished items available to surrounding outlets. Incorporated in the design would be some form of viewing area so that Tourists may visit and observe the classes and crafts people at work without disrupting the classes."

"Purpose - The results anticipated would be that visitors would be attracted to Haliburton year round to

attend courses, and that Tourists would be attracted to view the facility and the products resulting from it. Our craft community which is already rapidly expanding should develop to the point that our area would become well known as "the" place to view and purchase all types of hand crafted work."

"Administration - It has been suggested that The Haliburton Guild of Fine Arts in co-operation with Sir Sandford Fleming College manage the project under the direction of the Haliburton Advisory Board for the college."

"Funding - All levels of government, Win Ontario, Ontario Art Council, must be approached for funding to provide the facility which one

provide the facility which once in operation should be self sustaining.

"Location - The present site of the Haliburton School of Fine Arts, which is owned by the County School Board is one possibility. The former home of Dr. Carroll has been suggested as an alternative."

"Design - It is suggested that we approach the faculty of a college such as Sheridan

College, and have students work on suggested designs for the facilities in consultation with various craft people in the college."

"Faculty - The faculty must be highly qualified professionals in their field. It is believed that many talented people may be attracted to fill positions at nominal salaries in consideration of the use they could obtain of the centre's facilities for their own projects."

"Promotion - As a Craft School offering certification programmes, the facility will become well known among potential crafts people. The Chamber of Commerce and the Ministry of Industry and Tourism would be expected to promote it as a major attraction. The Centre of course would require their own advertising budget for brochures and general promotion."

"The above information is intended to provide a preliminary view of the ideas of the Chamber on this project. We are open to suggestions and prepared to make changes for the good of the project wherever it may be advisable."

Ward presents brief to Liberals

Art Ward, of Wig-a-mog Inn, and President of Resorts Ontario (formerly ATRO) met with the Liberal Caucus Task Force on Tourism last Wednesday in Midland, and presented a number of briefs outlining his association's position on legislation affecting tourism.

Mr. Ward said that his basic impression was one of disappointment in the lack of participants involved. Some thirty-five person were in attendance in the audience while the task force had only two members present.

The briefs presented by Resorts Ontario dealt with the present structure of Workmen's Compensation payments by resorts. Mr. Ward pointed out that many resorts are receiving request for payment of funds in March and April and that this period is historically a difficult period for resorts from a cash-flow point of view.

A request that the Ministry of Labour, Employment

Standards Branch, hold the line on minimum wages and a return to time and a half wage rates for statutory holidays for resort employees, was made as well by Mr. Ward.

He also pointed out to the committee inequity in the increased rates for water lot rentals. He cited cases where rates have increased by upwards of 1000 percent and asked for a moratorium on all water lot leasing.

Resort owner, Ron Stanton presented a detailed brief on the Blair Commission Report on property taxation.

The 10 per cent sales tax on meals and beverages was attacked as being unfair. Mr. Ward stated that Ontario is the only jurisdiction in North America with a tax that high and that the high sales tax is definitely one of the reasons tourists find Ontario so expensive. Mr. Ward said. He called for a roll back of the tax to seven percent as soon as possible.

Area couple upset over land deal

Mr. and Mrs. Jim Davis are upset that what befell them in their attempt to purchase a piece of Haliburton county property can in all likelihood happen to anyone else.

Last fall the area couple attempted to purchase a piece of property located in the Municipality of Anson, Hindon & Minden, listed by one of the local realtors. What befell them has left them disconcerted about the fact that it can happen again to another unsuspecting buyer because of inadequate legislation and an ability by the land severance committee to enforce any of its rulings.

After arranging a down payment, mortgaging and a search of the title to land, it was determined that the alleged owner of the property did not have clear title. Mrs. Davis told county council that she and her husband have spent approximately \$1,000. in expenses to purchase the land and still cannot get title to it.

County council sent a letter, without prejudice, to the Consumer and Commercial Affairs department and to the Upper Canada Law Society requesting an investigation.

Minden Carnival this weekend

by Creighton Feir

The big weekend is fast approaching and everyone is waiting in anticipation for this year's Annual Minden Kinsmen Winter Carnival. The big show is on this Friday, Saturday and Sunday, January 27, 28 and 29.

The Winter Carnival Committee have been working day and night for the past several months lining up a weekend of attractions that will be exciting for both young and old.

The schedule of events that have been lined up reads something like this. The Carnival begins on Friday when the information and welcome centre opens at 4 p.m. At 7:00 p.m. at the curling rink the Hiram Walker Bonspiel gets underway and at the same time at the

Arena and Community Centre "The Crow's Nest" will be open with free admission, light lunches will be available with games of chance. From 8:00 p.m. to midnight it's a Teen Sock Hop with a Disc Jockey.

First things come first and the Carnival Queen Contest will be held on the Arena ice surface at 7:00 p.m. The crowning will be followed by a skating performance put on by the Minden Figure Skating Club, sanctioned by the C.F.S.A. Following this will be free public skating.

All day Saturday there will be snow slides, etc., available for the kids, gala bonfire, sleigh rides, miniature golf course and cross country ski course.

Starting at 1:00 p.m. on Saturday one of the highlights of the weekend will take place with the Carnival Parade from Dollo's I.G.A. to the Community Centre, featuring floats, the Beaverton Majorettes, the Peterborough Drum and Bugle Corps. What a parade this is going to be.

Saturday will also be a day that will feature a Snowmobile Safari to Anson Mountain at 5:30 p.m. A Beef Barbecue and Chili Supper following the Safari.

Other attractions will be a broomball tournament, obstacle races, opening ceremonies at 2:00 p.m. with M.C. Bill Payne, Tug-O-War, tricycle races, minor hockey and at 8:00 p.m. the Minden Kinsmen will meet the CKBR

No Stars in a hockey game at the Arena, Pancake Breakfast, Minor Hockey Showdown, Free Public Skating, Sports Car Races on Ice, Cross Country Ski Race, Snowshoe races, Pole climbing contest, Nail driving contest, Snow slide and a beaver skinning demonstration.

Sunday will feature Snowmobile Slalom Race, Sports Car Races on Ice, Fish derby weigh-in, cross country ski course.

We have only touched on the few of the many events that will be featured at this Carnival. Let's all pray for good weather and we look forward to seeing you at the Minden Kinsmen Winter Carnival this weekend.

Snowarama all set to go

by Creighton Feir

One of the biggest attractions of the winter season has been set for Sunday, February 5th, 1978. It's Whipper Watson's Snowarama for Timmy which is billed as the million dollar ride. It's a 100 mile rally and all snowmobilers are invited.

This rally is your opportunity to get your snowmobile out for a day of fun and excitement and by doing so you will know that you are being a part of a very worthwhile project with the proceeds going to the Ontario Society for Crippled Children.

May we remind you that all new land route pledge sheets

are available at most Snowmobile or Marine dealers, or from the following.

Minden - Peter Sibling - 286-1494; Lionel Walker - 286-2101.

Haliburton - Lynn Craigmyre - 457-2220; Joe Iles - 457-2100.

The starting points are as follows. In Minden, at the Minden Arena and Community Centre and in Haliburton from the Haliburton Highlands Secondary School. Starting times at both places are from 7:30 a.m. to 10 a.m.

A special feature this year, courtesy of Air Canada, will see all riders eligible for a draw for two tickets to any Air Canada destination. Snowarama, which is a

joint effort between the Haliburton and Minden Rotary Clubs, is not only a fund raising effort but is also causing a great deal of excitement in both communities as the riders are out getting their pledge sheets filled.

In Haliburton, Scottie LaRue and Peter Curry, both members of the Rotary Club of Haliburton, have challenged each other to see who can raise the most pledges.

Bill Scott, M.P. for Victoria Haliburton will be riding in his snowmobile in this event and if you would like to make your pledges to Bill just give him a call at 448-2737. We are honoured to have Bill participate in Snowarama so get your pledges into him.

Lionel Walker of the Minden Rotary Club has informed us that John Francis, Gulf fuel oil distributor for this area, has donated 500 gallons of gasoline to the Minden Rotary Club for Snowarama.

We sincerely hope that everyone will get behind this very worthy cause. Let's not forget that the Minden and Haliburton Rotary Clubs have raised close to \$50,000 during the last three years for Snowarama.

The Ontario Crippled Children's budget is 6.5 million. This is only a small part of their fund raising program.

One of Lawrence's first loves was in the field of politics and he served for many years on council and later on as reeve for the Municipality of Anson, Hindon and Minden and what a

Lawrence Pritchard passes

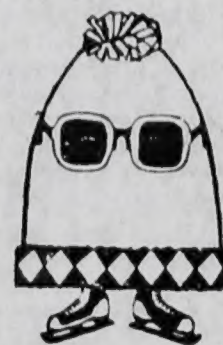

A man that was well known for the personality that he has brought to the village of Minden over his lifetime passed away suddenly at the Red Cross Hospital at Haliburton on Saturday, January 21st, 1978. Not only Minden but Haliburton County has lost one of the most prominent and well respected gentlemen in the person of Lawrence Pritchard.

Lawrence Pritchard was a household word and everybody knew him through being so active in the community throughout the years. He was a very progressive man and fought hard to bring many

things for the benefit of all to the village of Minden. We can always remember him as the backbone of the community supporting all worthwhile causes and worked very hard in the construction of the first covered arena in Minden. He enjoyed sports and could be seen at many hockey games played in Minden.

One of Lawrence's first loves was in the field of politics and he served for many years on council and later on as reeve for the Municipality of Anson, Hindon and Minden and what a

by Toque-Pic

Toquepic Talk

The Haliburton Rotary Winter Carnival is fast approaching and we want to try to keep you up to date on just what you can expect to see when this annual event is held on Friday, Saturday and Sunday, February 17, 18, and 19th.

One of the big attractions this year will be the ever popular Bed Race which will be held on Saturday, February 18th, starting at 12:30 p.m. from the United Church Parking lot. The entry requirements are as follows. Please submit name and entry to David M. Bishop by Friday, February 17th.

One thing that we would like you to do, and hopefully you have left your Christmas tree lights up, is please turn them on when Carnival time arrives. These lights add so much to the color of this event.

Carnival Chairman Brian Black would like to let everyone know that now is the time to start to go to work on the ice sculptures. This is an important part of the Carnival so let's hope that everyone will make an effort to go to work on ice sculptures. It's really a lot of fun.

Now is the time for all of the merchants to start to decorate their store windows. By so doing, it gets everyone thinking about the carnival. Remember there is a cash prize of \$25.00 for the best window display.

Snowmobile Racing will also be a big highlight of this year's Carnival and they will be held through the co-operation of the Kinsmen Club of Haliburton. On Saturday, the Drag Races will be held on Head Lake and the winner will receive the DPD Cup. The following machines will participate in this event.

250 cc Fan F/A or Liq. Mod.
340 cc Fan F/A or Liq. Mod.
440 cc Fan F/A or Liq. Mod.

Sunday will feature races on the oval track also on Head Lake with the same machine requirements as the Saturday races. As well, there will be the Ball and Shovel Race and the Cross Country Race approximately five miles. These races will be for trophies only and all trophies will be supplied by Labatt's Awards. Drivers please note: all entries must bear registration numbers and current licence.

The Kinsmen Club is expecting approximately 100 competitors from this area as well as many from outside. No other races are being held that weekend in the area so they are hoping to attract many riders and spectators to this event. Admission to the races is only \$1.00 per person and proceeds are in aid of Kinsmen Community Projects. The Rotary Club and the municipality are certainly giving the Kinsmen Club a great deal of co-operation in preparing for this event. So now, all that is needed is good weather and a good crowd. The Kinsmen Club would like to thank Labatt's of Canada for supplying the trophies.

As last year, The Echo will put out a special supplement to help promote Haliburton's Winter event and serve as a special program for all the events. This is an excellent opportunity for businesses to promote themselves and Creighton Feir will soon be around to all the Haliburton businesses to see about their special Carnival Advertisements.

Keep watching this column each week right up until Carnival time for more news on the various attractions and events that are coming up for this year's Haliburton Rotary Winter Carnival.

Two people were injured in a collision on Highway 519 near Haliburton last Wednesday when a pickup and a dump truck collided. Hospitalized were Mabely and Alfred Titus.

The incident occurred when the Titus vehicle skidded on a curve and entered the lane of oncoming traffic and collided with a 1977 Municipality of Dysart dump truck driven by Grenville Bird of Haliburton. The accident which resulted in over \$1600 in damage was investigated by Constable Martin.

ROSE CARNOCHAN

Long time resident

Rose Carnochan dies

The village of Haliburton was saddened on Thursday, January 12th, when they learned of the passing of Resetta Lavender Carnochan, who passed away at the Red Cross Hospital in Haliburton.

The late Mrs. Carnochan, who was in her 78th year, was loved by all those who knew her, and spent most of her life in Haliburton.

She was born in England, and came to Haliburton shortly after she was married to the late Thomas Carnochan who operated a barber shop in Haliburton for many years.

Rose as she was known to all of us was a committed Christian and attended the Full Gospel Lighthouse in Haliburton regularly. She practiced her Christianity not only on Sundays but everyday of the week when she would go out of her way to give anyone in need a helping hand.

Everyone loved the late Mrs. Carnochan and all the children who knew her called her Grandma. Although not in the best of health she still kept up her interest in community affairs right up to the time of her death.

One of the main things she loved to do was to walk from her home on Oak Street down to the main street, where she would spend many hours each week talking to her friends. Everyone knew her and she just loved to stop and talk to everyone who came along.

I can remember on several occasions having some wonderful conversations with Rose, when I would meet her on the main street where we would talk about the members of her family who I personally knew very well as I went to school with most of them. I can still remember the last conversation I had with her when she approached me about writing a piece in the paper about the fine hospital and doctors we had here in our community.

All of Mrs. Carnochan's children are still living with the exception of Arthur who was killed in action while serving with the Canadian Army in 1945.

One of the members of her family showed me a letter she had received from the late Leslie M. Frost following the news of her sons death. At the time Mr. Frost was the Treasurer of Ontario and later became the Premier of Ontario. The following is a copy of this letter.

Dear Mr. & Mrs. Carnochan
I greatly regret to learn that your son, Trooper Arthur Carnochan, has been killed in action overseas. My wife and I send you our sincere sym-

pathy in your great loss.
If there is anything I can do in any way to assist you, please let me know.
Very sincerely yours
Leslie M. Frost

We like to remember Mrs. Carnochan when we last seen her at the Remembrance Day Service last November 11th at the Cenotaph in Haliburton

when we watched her lay a wreath on behalf of all the mothers who lost their sons in the war.

She was the beloved wife of the late Thomas Carnochan; dear mother of Robert of Barrie, Betty (Mrs. C.A. Dawson) of Haliburton, Ronald and Kenneth of Oshawa, Keith of Peterborough, Nor- een (Mrs. R.J. Bishop Jr.) of Haliburton, Evelyn (Mrs. William Killingbeck) of Peterborough, Lois Ann (Mrs. Grant Green) of Cowansville, Quebec, and predeceased by Arthur; and loving grandmother of 25 grandchildren and two great grandchildren.

She resided at the Full Gospel Lighthouse, Oak St. Haliburton, from 2:00 to 4:00 p.m. and 7:00 to 9:00 p.m. Sunday, for funeral service on Monday, January 16, at 11:00 a.m. Spring interment at Evergreen Cemetery, Haliburton.

Kash Tourney big success draws crowds to the arena

"One of the best organized tournaments we have ever played in", was the way one of the visitors to the Lake Kashagawigamog Atom Tournament termed the event.

Excellent officiating and warm hospitality, was how others put it. According to all reports the tournament was a resounding success.

Winners of the Grand Championship was the team from Amherst, New York,

who beat out the Oshawa entry on a shootout after three regular periods and a special overtime period ended in a 1-1 tie.

The Grand Consolation winner was the Grand Ravine Atoms who beat the Gravenhurst boys 4-2.

Haliburton Atoms lost both of their games. Friday's game saw Haliburton defeated 3-0 by Goulding Park. On Saturday Haliburton dropped out of the tourney when they lost a close one to

the All-Saints of Peterborough, 3-2.

In a gesture of friendship and sportsmanlike behaviour the Grand Ravine Atoms walked into the Haliburton dressing room and presented each of the local players with a toque in thanks for hosting such an excellent tournament.

Organizers, officials and players put on an excellent showing in kicking off Minor Hockey Week in Canada.

Most valuable player was Mike Reynolds, of Gravenhurst while David Hurst of Bancroft and Andrew Heron of Hillcrest shared honors as best defenseman in the A and B categories respectively.

Best forwards were Jonathan Myles, Grand Ravine A division and Brian Gaudet of Oshawa in the C division.

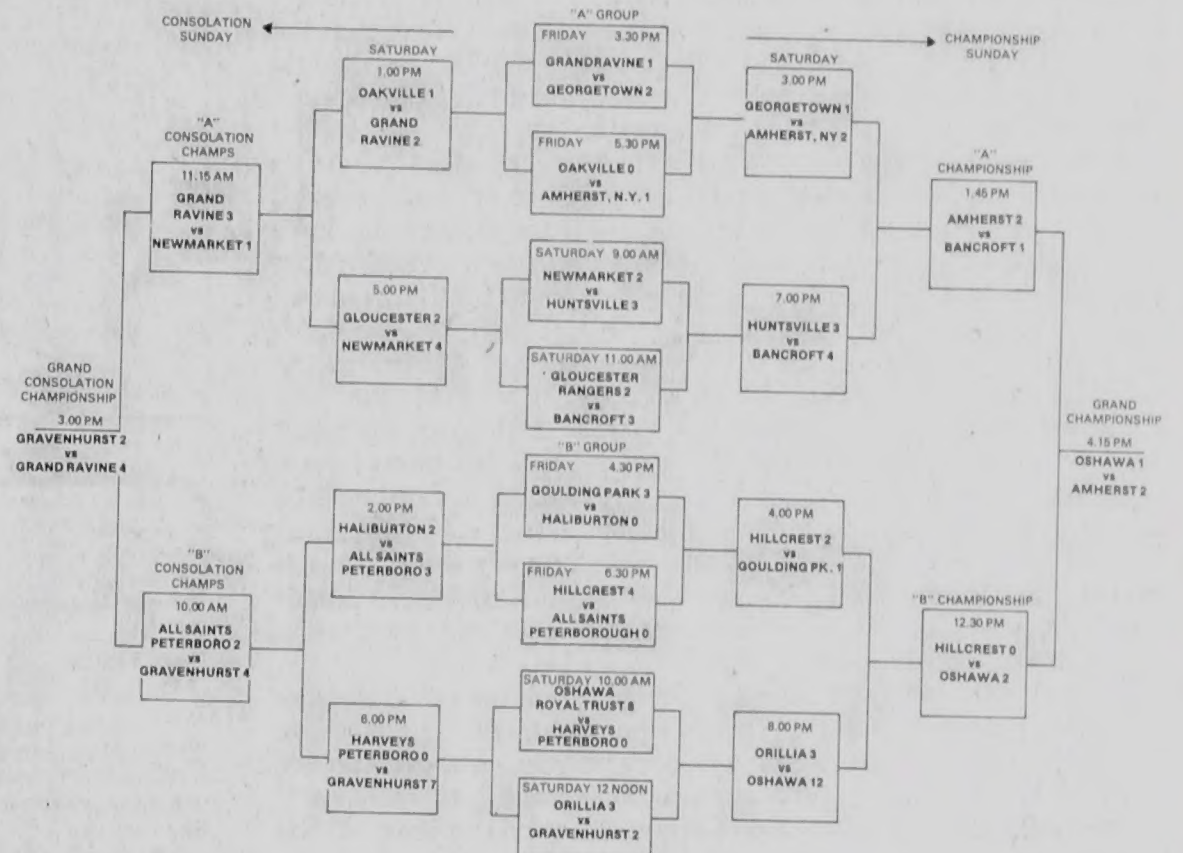

In the A division Frank Attea of Amherst, N.Y., took best goalie award while the honors for the B division went to Chris Bihan of Oshawa.

Tourney Grand Champions were the Atom Club entered from Amherst defeating Oshawa 2-1.

Grand Ravine came up as the Grand Consolation winners in the weekend Atom tourney at Dysart arena downing Gravenhurst 4-2.

WINTER CARNIVAL**

Gun Control. Working together to save lives.

The majority of Canadian gun owners have traditionally supported gun control in Canada.

Many of these people are sports hunters, target shooters or collectors, and others use their guns to hunt or trap in order to support their families. Generally, they are Canada's responsible gun users.

There is a small but growing group of people in Canada, however, who make criminal use of guns. For example, armed robberies increased 38% from 1974 to 1976. It is this group that the new gun control legislation will deal with through longer, mandatory prison sentences and prohibition powers.

The misuse of guns is increasing as well. Last year approximately 300 people were victims of homicide with a gun. Many in an impulsive moment of violence among family members or friends. New court-ordered prohibitions, police search and seizure powers, and higher gun safety standards will reduce the needless toll of deaths and injuries.

With the continued support of Canadians for gun control, we will reduce the criminal and irresponsible use of guns.

In short, we'll be working together to save lives.

"I own my own guns. How does the new Gun Control legislation affect me?"

If you own only hunting rifles and you store them safely, it won't affect you at all. However, certain other guns will be either restricted or prohibited. Basically, all centre-fire semi-automatics with a barrel length of less than 18½" are now restricted and must be registered. Handguns have been restricted since 1934. Sawed-off rifles and shotguns, guns with silencers and fully automatic weapons, are now prohibited, except those fully automatics registered to collectors before January 1, 1978.

"I'm glad you're getting tougher with criminals using firearms. What happens to them?"

Anyone convicted of using a firearm while committing or attempting to commit a criminal offense will be sent to prison for not less than one year and not more than 14 years. This sentence cannot be suspended. As well, maximum prison sentences for other firearm offences have been doubled.

"Is it true that police officers have new, extended search and seizure powers?"

Yes. Police officers can now seize firearms without a search warrant if they consider them hazardous to the immediate safety of any individual. They will then have to justify the grounds for the search to a magistrate.

"I now own a prohibited weapon. What do I do?"

It is against the law to be in possession of a prohibited weapon. You should contact your local police as soon as possible in order to turn the weapon over to them or to make other arrangements for its disposal. Failure to do so could result in your being prosecuted.

"What does safe handling and storage of guns have to do with Gun Control?"

Last year in Canada, there were over 120 accidental deaths due to the careless use of firearms. Under the new legislation, gun owners are responsible for the safe storage of their weapons. For example, if your gun is used in a criminal action, you could be charged with careless storage if such is decided in court.

"My rifle is now on the restricted list. How do I register it?"

Contact your local police immediately and register the gun with them. Failure to do so is punishable by a prison sentence of up to five years.

"How do you plan on keeping guns out of the hands of people who aren't able to use them safely?"

Through Firearms Acquisition Certificates and the courts' prohibition powers. The provincially administered F.A.C. system will come into effect January 1, 1979. It is designed to prevent unfit and incompetent persons from acquiring guns. The new prohibition power allows the courts to take guns away from dangerous persons.

"Why is Gun Control so important?"

Ultimately, to make Canadians safer from the misuse of firearms. Last year alone over 1,400 people were killed by guns.

Through tighter firearms control, safety education and the encouragement of responsible gun ownership and use, we will be able to reduce the level of firearm violence.

"I would like to learn more about the safe and proper use of guns, and more detail on restricted and prohibited weapons. Who should I see?"

Contact your local police department, Chief Provincial Firearms Officer, or write: Gun Control in Canada, 340 Laurier Avenue West, Ottawa, Ontario, K1A 0P8.

Too Much

After viewing the sports events held in Haliburton over the past weekend one thing occurred to us and this is the fact that we seem to be cramming too many events into one weekend.

Just consider for a moment what was happening from Friday afternoon until Sunday evening. First of all it was the Annual Skyline bonspiel at the new Haliburton Curling rink. Next door the annual Lake Kashagawigamog Tourist Association Atom hockey Tournament was in full swing. Following these two attractions The Haliburton Junior Travelways Huskies stepped into the Arena for one of their regular scheduled hockey games.

The unfortunate aspect of this situation is the fact that by holding the Skyline Bonspiel and the Atom Tournament on the same weekend one of them tends to draw spectators away. It is impossible for people to be at two places at one time. These two events draw a large number of people into the community which at this time of the year adds a great deal of money into the economy. By having them on two separate weekends it would mean that the motels, restaurants, resorts and business establishments would have two weekends of good solid business instead of just one.

We realize that the Skyline Bonspiel has been played on the same weekend in January for a great many years while the Atom tournament has only been going for the past two or three years. If it comes to a matter of preference this will mean that the Lake Kashagawigamog Tourist Association should move their Atom Tournament to a different weekend which could be the weekend before the Skyline Spiel or the weekend following it. We don't know what you think of this idea but we believe that this is the practical move to make. It is a possibility that the two organizations involved are both satisfied with this set up but if they are not why couldn't they sit down and talk this matter over.

We do want to take this opportunity to congratulate the organizers of the Skyline for holding such a successful Bonspiel and its also hats off to the Lake Kashagawigamog Tourist Association along with the co-operation of the Haliburton Minor Hockey Association for supplying use once again with a weekend of thrilling hockey action.

The winner of the tournament by the Amhurst hockey club from New York goes to prove that it won't be too much longer before Americans will be placing many hockey players on the rosters of many of the teams in the National Hockey League. This well trained and disciplined team were worthy champions of the tournament.

Hooked?

This week marks National Education Week on Smoking and for those of us still hooked on the weed, comes a message that we are now in the minority. Reading the following facts gives rise to absolute astonishment on our part as to why many of us Haliburtonians continue the habit.

Recent research regarding smoking and health both strengthens and extends the strong scientific foundation which supports the view that tobacco use is the public health enemy number one in industrialized nations.

Despite all the knowledge about the harmfulness of smoking, many youngsters start and many adults continue to smoke.

But society does not heed the warnings. Is there any other disease which has a forty million dollar advertising budget in Canada alone?

But 32 million North Americans have quit smoking. The average tar and nicotine levels of cigarettes are over 50 percent and 40 percent less than a decade ago.

The campaign for the right of the non-smokers to breathe pure air has upset the tobacco companies. If smoking is an unacceptable social behaviour relegated to the bathroom, pool room or bar room, cigarettes will follow the spittoon into oblivion.

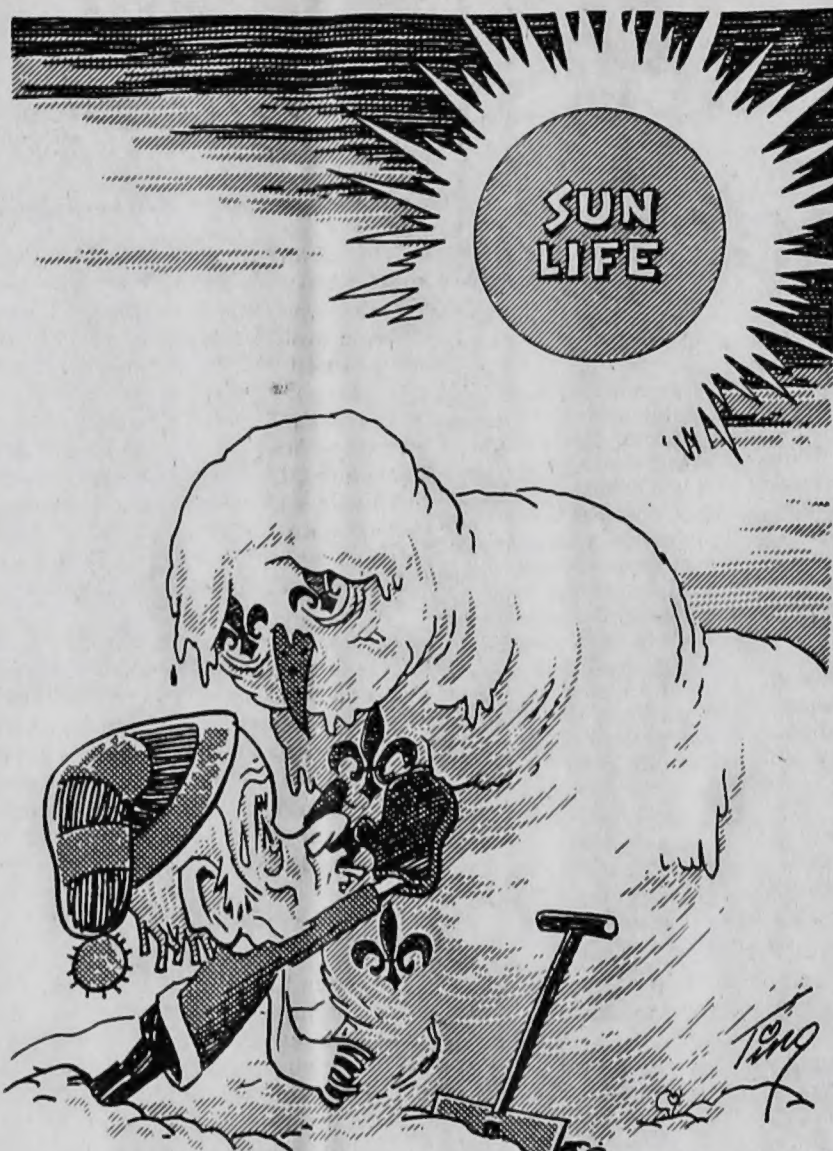

For all smokers the risk of developing lung cancer is 7.6 to 14.2 times as great as compared to non-smokers.

Heart disease accounts for greater than 50 percent of Canadian deaths. (Approximately 80,000 coronary deaths occur each year.) Male cigarette smokers incur twice the risk of contracting cardiovascular disease as compared to non-smokers.

Chronic bronchitis and emphysema are about 18 times as common in smokers as in non-smokers. Death rates from these diseases are four to 25 times as great as those of non-smokers.

Smoking during pregnancy leads to an increase in infant mortality, both in numbers of still births and neonatal deaths. Overwhelming evidence indicates that smoking is harmful to the non-smokers who are involuntarily exposed to the products of tobacco smoke.

Many of us will sit down, and reflect on these points, cigarette in hand.

Letters to the Editor

Dear Editor:

I'm presently incarcerated in a Federal Correctional Institution and have lost all contact with the outside world. Would you please help me by publishing this letter in your newspaper, as one of your readers might see it and like to write me. It gets very lonely in a place like this and a single letter would brighten up my day. My name is Robert Nelson, I'm 25, 5'10", 165 lbs., blonde hair and blue eyes. I enjoy camping, travelling, photography, sports, physical fitness and music.

Thank you for taking time out of your busy day to read my letter.

Sincerely,
Robert Nelson,
#00544-124 Box 1000
Oxford, Wisconsin
53952

Dear Editor:

I strongly agree with Mr. J. Strickland regarding the omission of Council Minutes in this paper. It is the responsibility of this and all other newspapers to see that this important information is passed on to the Ratepayers. We certainly don't want to get the impression that you, The Echo, or the local Council, for that matter are trying to hide something from us. I suggest that The Echo make up a special section of the past Council Minutes running back to July 1977, for all the municipalities in the County. Judging from the mail that you have been receiving lately, I think that this is what the readers want to see.

Thank you for your co-operation
G.W. Benner

Dear Sir:

It's about time the population of Haliburton County took a real hard look at where our county is going. For years we have waited for Federal, Provincial and Municipal governments to move on creating more jobs in the county, to let our local residents and young people earn a respectable wage.

But unfortunately due to our lack of interest in the development of the area, we have created a welfare state in the winter months. In my opinion

the only way we can keep our young people in the area is to bring small industries to us, we the voters have let the three levels of government do what they wanted, giving us bits and pieces of promises throughout the years but no industry.

People in the cities will yell about the effect on the environment and how it will ruin the tourist business, not so anymore, both Minden and Haliburton have services which can be expanded to include small industry. Another step which is imperative in bringing work to the county of Haliburton is the working together of all Municipalities in reaching a stabilized economy in our area and we the people who elected our present Municipal, Provincial and Federal officials should not be content to ask but demand we have small industries.

I love this county and want to see it grow like the communities to the North, South, East and West have, but until we take this real problem seriously the young people of today and tomorrow will have to look elsewhere for employment opportunities.

Myke Harrison

Dear Editor:

I am writing these few lines today that some local happenings are missing in the local paper, namely Haliburton Highlands Senior Citizens. Which meets weekly in the community centre, we had a very large turn out for the Christmas Dinner held there on December 15, 1977, and we have a friendly gathering and games. I have been watching and waiting for the local paper to publish the pictures that your reporter has taken, and I have been informed he had been given a lot of information as to the why's and whereof's of the Senior Citizens Club of Haliburton. I am sure a number of the Senior Citizens attending weekly have helped in some way or another for this community. I was rather disturbed of this group not getting any notice in the local happenings. I hope I have made myself clear what I am trying to get across. I have written enough, and thank you.

I remain
E. Noah
Haliburton, Ontario

Editor's Notebook

by John Zylstra

In this lately acquired position as editor, I am starting to remember a couple of things I had long ago forgotten. Writing and photography seem to come back to you with a little practice but the one thing I had truly forgotten was how long it takes to open the mail.

First, let me say that I believe The Echo gets more mail than anything or anyone else in Haliburton. And in doing some more thinking about the whole thing, we probably send out more mail than anyone else, as well. I wouldn't be surprised if the local post office has to keep an extra person on just because of The Echo. I'll have to check that one with our local postmaster, Jim Perrin.

Now, to get back to what I wanted to say in the first place, the mail a news editor gets is staggering. Politicians, civil servants, so called "charitable organizations" and companies hustling popcorn that's right ... seem bent on driving me absolutely whacked with their please for space in this newspaper.

Our new news editor, when he arrives February 8, will take the first day just opening the mail I plan to leave for him. I will of course, refer him to this one hot little press release that goes on at great lengths extolling the virtues of popcorn.

I will tell him not bother our readers with the fact that popcorn is 80,000 years old. (some I've had tasted about that old so it seems like a reasonable age) I'll say, Len, that's his name, don't trouble our readers with the fact that popcorn increases its size 44 times when it does its thing or that Canadians consume 35,000,000 pounds of it a year in six assorted flavours.

The release starts, "Here is everything (and probably more) than you ever wanted to know about popcorn..."

You know something.... they're right. Most of the above information I didn't really want to know. And now you know something you really didn't care about either.

One other thing I'd like to touch on in my notebook is a young lady who is entertaining this week in Haliburton. She's Pamela Peddie who was at the PineStone lounge Saturday night when my wife and I, and another couple, went out on the town, (so to speak).

Miss Peddie has one of the finest female voices I have heard and it's evident her music means very much to her. Strength, control, versatility and emotion help make her renditions of great songs excellent entertainment. I highly recommend you take in a show.

Feir Play

By Creighton Feir

It is welcome back home this week to Ed Christiansen who for the past couple of months has been vacationing in Europe.

The next meeting of the Haliburton County Social Planning Council will be held today (Thursday, January 26th, at 10:00 a.m.) at St. George's Anglican Church Hall, Haliburton.

Congratulations to Pat Connaghan, Reeve of the Township of Lutterworth who was appointed Haliburton County Warden for 1978 at the inaugural meeting of County Council at Minden, on Tuesday, January 17th.

We understand that a new Lions Club is being formed in Haliburton and that they are just about set to hold their Charter Night. We hope to have more information on this at a later date.

A recent news release states that the Senior Citizens Club now have 130 regular members and they meet every Thursday, with an average attendance of 74.

While in Minden last Sunday taking a drive around the village, the thought came to us that Minden should really be proud of their new Arena and Community Centre. While looking over this building we could not help but think that there is a great possibility that the arena would not have been constructed if it hadn't been through the efforts of our friend Al Grier the former owner of the Minden Progress. Through his editorial comments in the paper each week he fought at great odds to have this arena built.

Two meetings have been held on a trial basis at the Drop-In Centre at Haliburton, with 75 youths attending the first and 27 at the second. It was stressed that there is a real need for this development and we certainly do agree.

At the November meeting of the Haliburton County Social Planning Council the subject of Child abuse was discussed.

Everytime I drive through the village of Kinnmount, I can't help but think of the many great hockey teams that village produce in the past. Our thoughts go back to the times when Kinnmount only had an open air arena, more commonly known as Tagalder Gardens. How well I can remember the night playing hockey for the Haliburton Legion team against Kinnmount in a game that was bitterly fought right to the end and a game that produced plenty of penalties, fights and arguments galore.

We came out on the losing end of the game, and as usual we were blaming the poor refereeing as our excuse for losing the game. I must admit that I was a poor loser with a bad temper that I just couldn't seem to control. On this particular occasion this rage of temper I was in following the game nearly got me into a big pile of trouble. The argument continued following the game and when some of the Kinnmount fans and players crowded into our dressing room I lost complete control of my senses and started to tear these people apart with my big mouth. The next thing I knew two of the big Austin boys had me right to the top of the ceiling in the dressing room, and I thought they were going to choke me to death. This didn't seem to be enough to keep my mouth shut and I kept right on in this rage of temper. At the time I was in such a state of temper that it just never dawned on me that I couldn't fight my way out of a wet paper bag. I should have been smart enough to realize that if my mouth soon wasn't closed that all that would be left of me was a grease spot on the dressing room floor. It wasn't long after this that the answer finally came to me that yours truly was in a mess that he couldn't talk his way out of. To make a long story short, some of my friends from Haliburton finally talked the Kinnmount boys into letting me down from the ceiling. The good Lord must have been on my side that evening when I go back and think of just how lucky I was to get to the car that would eventually take me back to Haliburton. Those were the days.

While at home for a day and a half last week it game me the opportunity to watch more television than I usually have time to view. After watching several different programs I came to the conclusion that we are being fed a lot of junk and violence. It would appear that every other program features a great deal of crime. One comes away with the feeling that the world must be in one terrible mess. Granted some excellent programs are put on for our viewing pleasure, but they are far and few between. It is for this reason that I will never become a TV addict. What is badly needed are more good musical shows, more good clean comedy shows to give us something to laugh about and more programs like 100 Huntley Street to fill our spiritual needs. I along with many more of you are great sport fans and although some people are of the opinion that there is too much sports on TV I have to disagree. We should have more. As far as the soap operas are concerned, whether some of you women like it or not they are a bunch of trash. I have yet to see one of these soap operas when everyone taking part in them hasn't been in some kind of trouble. If you want to get depressed, just keep on watching these afternoon tear jerkers.

It's Winter Carnival time once again. To start off the winter festivities the annual Minden Kinsmen Winter Carnival will be held in Minden this coming Friday, Saturday and Sunday, January 27, 28, 29. In speaking with some of the members of the Minden Kinsmen Club they tell us that they have a really big show lined up this year and one that you won't want to miss. If you are planning to attend this big event here are just a few of the many highlights that they have lined up to entertain you. On Friday night is the Carnival Queen Contest, Curling Bonspiel, Sock Hop, The Crowe's Nest. On Saturday there are Sports Car Races on Ice, Parade, Hockey Game, a Dance with Slim Brandon and his band, Snowmobile Drags, Broomball Tournament, Cross Country Skiing, Snowmobile Safari, Low Sawing Contest, Sleigh Rides, Kids Slides, Snake Slide, Obstacle Races, Tug-O-War, Bonspiel. On Sunday there is the Minor Hockey Showdown, Sports Car Races on Ice, plus many, many more attractions.

In closing this week we leave you with this food for thought. Take time to think, it is the source of power; Take time to play, it is the secret of perpetual youth; take time to laugh, it is the music of the soul; take time to love and be loved, it is a God-given privilege.

Pic of the Past

Our Pic of the Past this week shows a photo taken in Algonquin Park in October of 1951. Mr. and Mrs. Archie Robertson from Allsaw are shown feeding

two deer on the highway. Our thanks to Jack Robertson of Haliburton for submitting this photo.

Report from Queen's Park

by MPP John Eakins

Last April, the Government announced a new Fitness policy for Ontario, intended to increase public awareness of the benefits of physical fitness and help people, both individually and through organizations, to achieve a higher level of fitness. The program at the moment consists of a pilot project - the Waterloo Demonstration Project - and seven specially equipped mobile labs to travel throughout the Province.

The small fleet of mobile labs will offer fitness assessment and consultation to an estimated 25,000 people in Ontario in its first year on the road. Beginning in February, the lab units, each staffed by five fitness experts, will retrace their respective routes every six months to retest individuals' progress. People will be given advice on the best way to improve their fitness level through a sophisticated test format which will include an analysis of cardio-respiratory and nutritional levels.

This government "push" on fitness awareness has been prompted by national statistics which disclose the following:

- Only 20% of Canada's population are active in any form of physical activity - one person out of five.

- Cardiovascular diseases (those affecting the heart) account for more than half of all deaths.

- 40% of all Canadians watch more than 15 hours of television every week, and 13% watch more than 30 hours.

- 67% of adults examined by Nutrition Canada were overweight and 14% were seriously overweight.

- Less than 15% of Canada's adult population meet internationally accepted standards of physical fitness.

- Women between the ages of 20 and 29 have the lowest fitness rating of all age groups related to accepted fitness standards.

- While a person's absolute level of fitness should peak at around 25, the fitness of most Canadians begins to decline at the ripe old age of 13, with some starting their downfall when they first enter school - at age 6.

While these statistics are discouraging to say the least, it has been demonstrated that programs to improve fitness standards can be remarkably effective. A Saskatoon project, involving the city's government and Participation, raised the number of people described as regularly active from 5% to 50% in only three years. A controlled experiment conducted by the Scarborough Board of Education showed that children in the program of concentrated fitness improved academically as well as physically to a measurably significant extent.

Fitness is known to increase productivity, with fewer accidents on the job, less absenteeism, and an increase in work efficiency directly attributed to better physical and mental capacity.

Ultimately, it is believed, higher levels of fitness will reduce pressure on medical services in the province.

Announcing the government's Fitness Policy last April, the Minister of Culture and Recreation indicated the establishment of 11 programs, and spoke of the financing of these programs. Some would, he said, derive the majority of their funds from the budget of his Ministry, while others

Kin Korner

The Fall and early Winter of 1977 have proven to be very busy for the Minden Kinsmen. This past summer saw completion of the ballpark lighting and the building of bleachers which have since been turned over to the municipality.

October '77 proved to be an exceptionally busy month for the Minden Kinsmen, with the Kinsmen Interclub held at our local arena during the weekend of the 1st. Also during October there was the highly successful annual turkey shoot held at Kin Wayne Coltman's track. Adding to this month's activities was the Flea Market and the Hallowe'en Candy Blitz held in the aid of Cystic Fibrosis.

Now, while all this activity was going on, in the background, fellow Kin were feverishly working on planning the annual Winter Carnival, which takes place this following weekend.

With the planning and forethought that has gone into this year's Winter Carnival it should prove to be bigger and better than in previous years and involving much of our community.

Weeks of work have gone into the preparation of

would depend to a large degree on Wintario and private funding for implementation. At that time, the Assessment Program was to begin in October with the seven mobile vans in operation throughout the Province. In addition it was hoped that permanent assessment centres would be established in the future, and government's projections indicated that close to 145,000 people could be tested annually once the program became fully operational.

The Federal Government is, of course, also involved in promoting fitness, sport and physical recreation. In this connection, last November the Minister of State, Fitness and Amateur Sport, announced the appointment of 16 chairpersons to conduct public meetings on the Green Paper entitled "Toward a National Policy on Amateur Sport".

Meetings were held throughout the country, the object of which was to elicit discussion on all aspects of the Green Paper and the future direction of amateur sport in Canada. After a complete study of briefs and opinions has been submitted to the Minister, a national policy on amateur sport will be presented to Parliament in the form of a White Paper.

Speaking to the Waterloo Regional Sports Council last April, the Minister of Culture and Recreation indicated that the government would be working in close co-operation with them and the Participation advisors to determine the effectiveness of the Waterloo project, paying particular attention to the level of family and individual involvement, mass media techniques, and the degree of support from local service and business organizations. He expressed the belief that the next three years would be extremely interesting for all involved in the Demonstration Project. At stake he said, was "not only its own success... but the success of the whole philosophy of fitness in Ontario, and even in the country."

the racing track that will be the centre of the car races. Kin Jim Schlosser should be proud of his effort in spearheading the planning and construction of this fine 'race' track. Appreciation should also be extended to all members who provided

support in making this track a hoped-for success. Other interesting events to help participants while away the happy hours are the Snowmobile events under the leadership of Kin Wayne Coltman and Kin Gary Brown. As well, there will be the ever-present Beauty Queen Contest held under the direction of Kin Chuck Hewson. These are just a small sampling of the total events and activities that will be going on this coming Jan. 27, 28.

In order for this fun-filled weekend to become a total success we need the support of everyone. If you are looking for a good time and some excitement come one and all this coming weekend to the Minden Carnival.

Recent winners of the Marathon Draw held were: Doug Pritchard \$50.00, Len Elliston \$50.00, Dave Waite, \$100.00.

From the Chamber

by
Bob
Stinson

Keep those cards and letters coming in folks, we really love to hear from you. Seriously, it is very gratifying to see the excellent response we have been getting so far for advertising in our new "lure" book. Many members have obviously realized how pressed we are for time, and have given their immediate attention to preparing their ad and sending it back. We sincerely appreciate this and hope the rest of you will do the same in order to give us the maximum amount of time to do the preparation on the book itself. Anyone who does not completely understand the advertising format is urged to contact the office and we will attempt to clarify it for you.

While returning the copy for their advertisements, many of our members have taken time to add some words of encouragement on the stand the board of directors has taken in regard to Central Ontario Travel Association. It is certainly good to know that it would appear the membership is backing their board in this decision. By now most of you will have read the newsletter containing the thirteen facts that were taken into consideration when the board arrived at this decision. These facts were gone over with representatives from Central Ontario Travel Association that attended the Chamber's last board of directors meeting, and it was agreed they could not be disputed. Anyone who feels that they do not understand why the board has made this decision is invited to discuss it further with us by calling either the Chamber office or Chamber President Dennis Casey at home at 457-2152, or Manager Bob Stinson as home at 457-1110.

This weekend a cabinet shuffle was announced at Queen's Park and the Hon. Mr. Roads replaces the Hon. Claude Bennett as Minister of Industry and Tourism. The Chamber will immediately be putting together a presentation for the new minister in hopes that he may have a more flexible outlook on this program than did Mr. Bennett. If so, something may yet be salvaged from what is presently felt to be an unworkable program.

Haliburton was buzzing this weekend with the hundreds of visitors that were here for the Skyline Bonspiel and the Kashagawigamog Atom Hockey Tournament. Reports from both organizations would indicate that both ventures were entirely successful. The hockey tournament in particular was heralded as being the most successful ever held in the area. The fact that referees were expounding on how well behaved the boys, coaching staff, and spectators were and that the spectators were commenting on the excellent refereeing, were indicative of the fantastic feeling of good sportsmanship that was prevalent

throughout this event. Our whole community benefits both directly and indirectly from the staging of events such as this and all of us are indebted to those who gave so willingly of their time to organize them.

We were pleased last week to attend the inaugural meeting of Haliburton County Council and welcome Patrick Connaghan, Reeve of Lutterworth Township, as new warden for the county for 1978. We look forward to working with him in the coming year towards our mutual goal, the prosperous development of our business community. President Dennis Casey presented the Chamber's programme to council at their Wednesday meeting, and stressed that under the circumstances the Chamber and its' membership would be counting on the support of County Council now more than ever before.

The Association of Tourist Resorts of Ontario have recently circulated to their members information supplied to them by the Ministry of Transportation and Communications in regard to their new resort identification signing policy. The policy calls for replacement of existing directory signs with newly designed signs that will carry new symbols to designate what facilities are available on any particular road. The signs would appear to be a definite improvement and A.T.R.O.'s only serious criticism of their design was that an additional symbol should be added of a knife and fork to denote a dining room, and that the existing coffee cup be used to indicate a coffee shop only. The major concern would appear to be with the cost. Our Huntsville office is not presently aware of what the schedule would be for replacing these signs but feel it would probably be on an as required basis, in other words as the present signs require replacement. Any sign being replaced that has been erected within the last five years would be subject to a credit of 1/5th of that installation fee per year applied to the erection costs of a new sign. The cost for erection of the signs would be from \$100 to \$150 each depending on the number of signs at a given location. The maintenance fee charged annually would increase from the present \$3.50 to \$50.00 per year each. A single fingerboard sign on an unnamed road will be increased from \$15 to \$35 for installation, and from \$3.00 to \$10.00 per year for maintenance. Mr. Matthews of the Huntsville office stressed that this policy is not yet firmly in place, but is expected to be finalized at a meeting on February 7th, 8th and 9th. Anyone wishing to voice objections to the policy should before that time communicate with Mr. Dave Packwood, Superintendent of Signs, Ministry of Transportation and Communication, 1201 Wilson Ave., Downsview, Ontario.

The Canadian Stepstove

Vermont DownDrafter

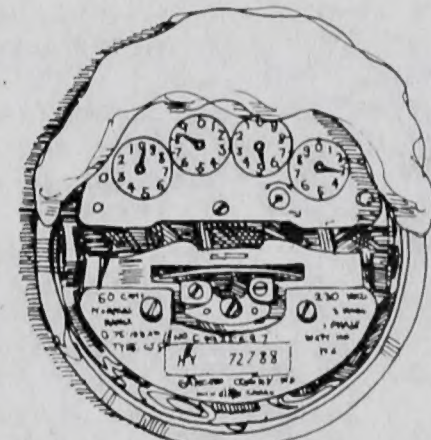

Rising energy costs. It's becoming a very real crisis for many Canadians. We're all feeling the pinch. And many have already turned to the past for their solution. The answer to efficient and economical home heating...the traditional wood burning stove. Widespread use of metals and plastics in modern production has created an abundance of inexpensive North American fuelwoods. Wood that can be used for safe, comfortable heating. And depending on stove type, its location and the severity of winter, you can expect to save one half of your fuel bill. Some reports savings of up to 80%.

If you're looking to escape the high cost of heating, you'll find the way in a wood burning stove.

COUNTY ECHO SPORTS

Jack Robertson was the recipient of a plaque honoring his position as chairman of the Skyline Spiel for many years. The presentation was from "the Oshawa Curlers".

Curling

by Tom Stinson

After some frantic last few hours of effort the new curling rink opened Friday at 4 p.m. for the big 19th Annual "SKYLINE" Spiel, with 32 rinks curling the first games at 4, 6, 8 and 10 o'clock draws.

Saturday draws went on from 8 til 2. Sunday by which time the finalists in 4 events were declared. This event is really a big home-coming for many curlers, some who have curled in each of the 19 years.

Bob & Brent Colliver had good ice ready, the Ladies section did their job, as usual to perfection with a great meal Saturday night and lunches in between. Some fine curling was a result - with many close games only decided in the final ends.

The "A" event for the Haliburton Lumber Trophy was finally won by Paul Michaels' four from Oshawa, beating out Mike McKays' good rink, with John Piper, a 2 time winner, skipping the final game. Ken Wilson presented the Trophy to the winners. The "B" event went to another Oshawa rink skipped by Andruski who also had to beat out club-mate Bev. Smith (the entertainer). Gary Bailey's local 4 of Dave Chatfield, Ken Fielding and Steve Bodmore was a close third place winner. The Curry Motors Trophy was the goal for this event.

Ken Wilson presents the Haliburton Lumber Trophy to Paul Michaels rink from Oshawa.

Dave Chatfield presents the Curry Motors Trophy to the Andruski rink of Oshawa.

In the "C" event for the Giles Connelly Esso Cup it was the new Wilberforce club skipped by Mike Carberry. Jack Robertson presents the trophy.

Rick Elstone presents the Black's Hardware trophy to the winning Ted Munroe rink from Lindsay.

Showdown '78 Winners

Slapshot

by Bill Davis

As you are reading this column I will be in sunny (I hope) Puerto Rico so I will not dwell on any of last weekends hockey as I was off to my present abode and this column was written in advance.

At nearly every game you hear criticism of referees for losing this game or winning that game for the opposition, or they missed that penalty or this off side, on and on. Some of the criticism is warranted and I don't hesitate to tell an official he called a good game. Occasionally, during the course of a game, I will let him know what I think of his officiating and on several occasions it has cost me needless bench penalties. But not often enough do I hear a fan or team official inform the referee that he has performed his duties in a capable manner.

Let's face it, we arrive at the arena to cheer are local heroes on, and when things don't look good for our guys, we blame it on the officials. I was an official of the O.M.H.A. and O.H.A. for thirteen years and I am aware of what happens in a hockey game. Each year referees' clinics are held for the instruction and rule interpretation of all C.A.H.A. rules and how and when they are to be enforced, thus giving uniformity to the interpretation and enforcement.

So, the next time you call the referee a dummy for not calling a penalty remember, he's the professional. He went to referee school. Did you? A phrase that I remember that fits in quite well is "Never Judge a Man til you walked a mile in his shoes." This column was not intended to offend anyone, but, if it has, then you are the people, I am talking about.

Along the Trails

by
Roy Bates

SNOWARAMA SHAPING UP

We are pleased to note some strong competition for pledges in Whipper Watson's Snowarama for Timmy. One snowmobiler challenges another and the pledge sheets fill up. Keep trying, fellows, we'll get The Whip his Million Dollars yet!

Perhaps a brief description of this year's Snowarama route would be in order for this week. As it is now planned, riders out of Haliburton will use trail #16 (Old Buckhorn) to #9, (Tractor Road) to Donald, then #14 to #9 (at Porcupine Junction) turning on #7 to Gelett and Minden. Riders from Minden will use the new Minden extension to the Peterson Trail (#1) follow this to the Hydro line and ride into Haliburton via #6 (Glebe Park Trail). Each group will follow the other on the return lap to complete the circuit. The distance from one starting

point to the other being about equal, neither group will have an advantage of a longer section of fresh trail. As was realized in previous rides, the Tri-Trail, looping North through Red Pine and Kennis, gave a distinct advantage to Minden riders.

All details of food stops, refuelling stations, and check points are being worked out by the participating Rotary Clubs. Citizen Band radio teams will be located at strategic points to provide a complete communications network.

With this year's route located on dry-land trails the average riding speed will be somewhat reduced. We would therefore caution all participating snowmobilers to use extreme care in maneuvering the many curves and sharp angle turns. Snowarama is not a race. It should be for every rider a pleasant day's outing along scenic trails. It is an outing through

which we can provide a great service to our crippled children. Let us all get behind the effort. Pledge sheets can be picked up from most business establishments.

SNOWMOBILE SALES UP

The International Snowmobile Industry Association (ISIA) reports that retail sales for the period ending November 30th, 1977, were up twenty percent over the same period last year. This fast pace of pre-season sales has resulted in spot shortages of many models.

Mortimer B. Doyle, President and Chief Executive Officer of ISIA, attributes the sales increase to the public's growing interest in outdoor winter recreation. A major survey conducted by the A.C. Nielson Company revealed that snowmobiling, which now claims more than nine million North American participants, is ranked as the third fastest growing sport.

In case you were wondering how many Canadian families own snowmobiles, the most current Household Facilities and Equipment Survey by Statistics Canada reports that 493,000 households in Canada own at least one snowmobile, while another 185,000 own two or more. The largest overall number, by Provinces, is claimed by Ontario with Quebec following close behind. These, of course are the most densely populated. Newfoundland has the highest percentage of households with snowmobiles (18.5%) with Saskatchewan running a close second with 18.3%. Snowmobiling has most definitely become a major part of the Canadian scene.

On Keeping it Clean

We who are involved in snowmobiling, whether through the industry, the clubs, the associations or federations, know well how far out sport has come in recent years. Thousands of words have been written about the problems experienced in the early years, about the growth and attraction of snowmobiling, about the development of trail systems, about the sport's vastly improved safety record, and about the clubs and associations efforts to foster higher standards of behavior among themselves. It is now immensely gratifying that high ranking government officials are beginning to take note.

On several recent occasions where particular problems have developed with other recreational groups, State and Provincial resource officials have gone on record as recommending the sort of self policing organization that snowmobiling now has.

We have won a good name, let us keep it. A basic rule for snowmobilers is "Carry out what you carry in". Whether snowmobiling on private lands or in a Provincial Park, remember to keep it clean. The countryside is yours to see and enjoy, it is not yours to use and destroy. Stay on the marked trails.

Tuesday Nite Combines

Bill Barber
rolls a
high triple

Bill Barber rolled a high triple of 751 with single games of 262, 202 and 287.

Other high triples are Linda Morrison 673, Ray Jenkins 710, Ev Stata 603, Ray Knapp 747, Ev Griffin 647, and Gord Bennett 635.

Single Games over 200 are Linda Morrison 222, 240, 211, Caryl Harrison 235, Ray Jenkins 267, 259, Ev Stata 242, Fran Woods 202, 203, Noreen Pinch 202, Ray Knapp 267, 264 & 216, Norma Hodgson 207, Garnet Fagan 225, 210, Ev Perrin 222, Ev Griffin 280, Harry Henderson 252, Gord Bennett 221, 200, 214.

Team standings, Revels 38, Hit & Mrs. 31, Aces 30, Harry's Angels 28, Snowflakes 21, Criers 20.

Chatting with Irene

Another weekend of waiting for the snowstorm that did not arrive. We must live in the banana belt of this Province, or something for when we hear of storms to the south and storms all around about, boy am I glad that they miss us. I just hope they keep on missing this part of the Province, don't you?

Mr. and Mrs. Richard Kirkwood have returned home after a holiday in Florida.

The Annual Pancake Supper is being held at St. Paul's Parish Hall on Tuesday evening Feb. 7th, this year they are changing the menu and are having a regular supper of Sausage, potatoes & peas with the Pancakes for dessert. The time is from 5 to 7 p.m. There will be posters up around town to tell you more of the details.

Mr. and Mrs. Bob Dudman of Scarborough spent the weekend with Mrs. Grant Hewitt.

The Womens Institute held their January meeting at the Parish Hall. It was a lovely day and even with so much illness around, Mrs. Lyman Cox the president welcomed 21 members and 2 visitors.

The Roll call was answered with a stamped greeting card and items for the grocery box raffle. Due to no number being available the tickets could not be given out, but you can get your books from Mrs. Annie Kernohan as soon as the number is put on them.

The treasurer told the members they must be getting younger as the birthday box had nearly \$6.00 less in it this year than last year. There were 27 cards sent since Dec. meeting. Mrs. Mike O'Neill gave a very up to date report on last years current events.

The spring bus trip was mentioned and it was decided to write to Travelways and ask for some ideas as to where to go, because they would be able to give more information on Historic places near, it seems the W.I. have been nearly everywhere on their bus trips.

The Feb. meeting will be held at the United Church Hall on the 15th, at 2 p.m. Roll call exchange of Valentines. The bus trip will be discussed then also and date set for it. The grocery box draw is for money for the new Library, so be sure and get the groceries in for it.

Glad to tell you that Mrs. Jean Taylor is now at home and feeling much better, but we hope she keeps on improving.

Be sure to read the paper for the list of events going on at the Kin Carnival this weekend. It will be a busy place around here over the weekend, for after the Kins are finished there are two Minor Hockey Games at the arena. The Midget A's play Fenelon Falls, Sunday at 5:30 p.m. followed by the Juvenile Game with Oakwood at 7 p.m.

These are games that have to be picked up due to postponement earlier. So the town will be busy until after the Juvenile Game at least. Don't forget the time for Hockey.

Did you miss the cable on Sunday? They soon had it fixed, we still do not know what was wrong.

Winners at the Mini Card Party last week were: Bridge - Florence Cooper, Cribbage - Joyce Hewitt (with a perfect score) Ethel Leigh; Euchre - lone hands - Vera Fuller & Bill Deacon (tied); Pearl Cowen and Mary McKelvey.

John and Mary Klym are very happy to have his sister Evdokia Klym of the Ukraine visiting with them. They are busy showing her all the beauty spots in Ontario, Niagara Falls being one of the first. It is 37 years since John saw his sister and we hope that they have a real lovely time while she is here.

Did you win in last weeks Wintario draw? If you did not don't throw your tickets out, because there is a 2/1 sale of pocket books on at Candlewood Store, and your tickets are good for 50c towards Canadian books, or so I've been told. Be sure and check on this please. They tell me they are good for something re. MacLean and Chatelaine Magazines as well. This offer is good until April 12th.

Did you know that the 1967 calendar was exactly the same as the calendar is this year? It is true for I read it in

the Lindsay Post so be sure and keep one of each years calendars, even a small one for who knows when the calendar will repeat again.

PARENTS: Do you realize what you do when you criticize the referees at a Hockey game? You not only are teaching your son to do the same but you are undermining his urge to win fairly. Don't tell me I don't know what I'm talking about for I had two sons who played Hockey, as teenagers and once when we complained the Coach said "If you are not satisfied put on skates and go

out there yourself, or go to the games and cheer the boys on!" Me I cannot skate, so I kept quiet after that and cheered them on. To me that is why parents go to games, if we as parents cannot urge the boys to play their best, then we have failed to show them that it is not what you do, but how you do it, that counts. Lately their have been too many referees who have resigned because of interference by parents and that is bad. There are never enough referees, so we should yell sure but never undermine the

Maple Lake News

by Ada Gibbs

Last week's news informed all interested people of the hot roast beef dinner at Zion Church, January 28th, 5:30 p.m. Adults \$4.00, Children under 12 years \$2.50 and a special family rate of not more than \$15.00. The Carnarvon ladies serve a delicious dinner such as this one will be, every year at Minden Carnival time. Their effort works two ways. It feeds the hungry folk who are in the area for the Carnival Week end, as well as local folk who

enjoy a meal out for a change, and helps with the finances. It was good to see the response shown to last week's Skatathon on the open-air rink behind the Stanhope Firehall. Almost 40 skaters were on the rink at one time, all having one or more sponsors to help encourage them to complete the number of laps vouchered for, and so raise a healthy sum for the projects of the Recreation Committee. I believe the amount raised was about

COUNTY ECHO FAMILY

Coboconk News

by Sheila Lake

There are still a few openings for anyone interested in pottery in the Tuesday and Wednesday night classes. Classes are held at the home of Chris Kerr. Give her a call at 454-3386 or have a chat with her at the library.

Anyone wishing to have further information contact Lillian Gorveatt 489-2550, or Yvonne Penny 489-2245.

The congregation of St. Peter's church are reminded of the Pot Luck supper followed by the Annual Vestry Meeting to be held in the Church basement hall Jan. 31st beginning at 6:30 p.m. So come out, bring your goodies and be ready to eat at 6:30 p.m.

We are sorry to learn of so many people being shut in with heavy colds or the flu bug, and hope you will soon be out in the bracing fresh air once again.

Quite a few fish huts have appeared on the lake, but I haven't heard of too many big fish being caught. The ardent fishermen who persist are having some luck.

The sympathy of the community is extended to friends and relatives of loved ones whose funeral services were held last week.

Ada Gibbs

\$1300. Congratulations to the Committee Members who worked so hard to make this event a real success. As I watched I saw a smart couple making the rounds of the ice surface, and evidently thoroughly enjoying themselves. After all it's the enjoyment the participants get out of such a sport that really make it worthwhile. Isn't it!

Mr. & Mrs. George Jones of West Guilford left on Friday, January 20, with DeNure Tours for Florida, where they plan to enjoy a 7 week vacation.

The people from St. Peter's Church who attended the Induction service held in St. Paul's Church, Minden for Rev. David Barker, our new Incumbent, agree that they were permitted to share in a truly spectacular service. All visiting clergy spoke very highly of Rev. Barker, which gave us a warm feeling at heart, to think that now we have our opportunity to share our lives with this dedicated young minister. The service was followed by a delicious pot luck supper which the women of St. Paul's had well organized. Most folk stayed to enjoy it, and it was like "the feeding of the 5,000" as there were a few bucketfuls left over. The bus load of the

Barker's friends and parishioners which arrived from Islington for this special service were very pleased to find their young friends so comfortably settled at St. Paul's, Minden.

By the grape-vine I learn that Don and Jessie Barnett have left their warm home on the north shore of Maple Lake, to spend the rest of our cold winter, in a warmer, sunny climate down south.

A group of younger women of Carnarvon United Church have decided to form a Young Women's Club which would meet the second Wednesday evening of each month at the church. This is planned to be a varied interest group for the community. If you are in the learning process of crocheting, knitting, quilt making or craft work of different kinds and would like to get together with others having the same interests come out to the first meeting, Feb. 8 at 8 p.m. being held in the Carnarvon Church basement.

Some may prefer other community work such as visiting shut ins or elderly folk, or perhaps Extending

efforts of the men in charge. Yes, sometimes there are bad calls, but the refs. can't see everything, so laugh it off, and say "better luck next time."

Quick Ice Box Cookies: 2 cups flour, 1 tspn. baking soda, 1/2 tspn. baking soda; 1/2 cup soft butter; 1/2 cup soft shortening; 1/2 tspn. lemon extract; 1/2 tspn. vanilla; 1/2 cup brown sugar; 1/2 cup white sugar; 2 eggs. Blend first 4 ingredients, cream butter & shortening, add the flavorings; add eggs; add dry ingredients; chill dough 1/2 hour to 1 hour shape dough into balls & wrap in wax paper, chill good; cut into slices and cook on ungreased bake sheet at 350 degrees 8 to 10 minutes, cool yield - 7 doz. cookies.

The winners in the Hi-Lo doubles of the U.C. Tuesday bowling league were Marie Reynolds and Rowland Sedgwick. These winners bowl off later at Bancroft.

One of the winners of over 200 bowlers with hi triple in Carnarvon House League was Peggy Brown. Gord Overall presented her with a photo album as she was 17th in the standing. Bessie Burke also received an album, as this was the largest participating group. These bowlers are in competition at Fenelon Falls at a later date.

Adios and take care now.

Haliburton Highlights

by
Creighton
Fair

Last weekend was sure a busy one for the sports fans as we had hockey, curling going on for three days. The Lake Kashagawigamog Tourist Association had there annual Atom Hockey Tournament going full swing in the arena while this was the weekend for the annual Skyline Bonspiel. It's weekends like this that are not only good for the sports fan, but it also helps to stir on the local economy as it brings literally hundreds of people into the village.

Municipal employees were busy last week keeping the roads in the village clear of snow. We might mention that they did an excellent job.

Last week I received a letter from Jim and Gerry Henry formerly of Haliburton who now reside in Orangeville. Jim is employed with the Grigg Co. Store there. It's always good to hear from old friends.

We notice that some of the colored lights on the main street are out of order once again. The question is are these bulbs blowing out or are they being shot down with pellet guns.

The curlers in town for the Skyline Bonspiel were really delighted with the many facilities at the new curling arena. This new sports palace adds to the progress that is being made in Haliburton.

We hope that the people of Haliburton will go to Minden this weekend and help support the Minden Kinsmen with their annual Winter Carnival. It promises to be a big affair with plenty of added attraction not seen in past years.

The Royal Canadian Legion Branch 129, held their annual Robbie Burns night at the Legion Hall in Haliburton on Saturday night.

It was really great to see the Minden Curling Club open their arena and facilities to the Haliburton Curling Club for practices and playdown games while the new curling rink in Haliburton was undergoing completion. We certainly need more co-operation such as this between the two towns in the future.

Keep watching this paper for the Grand Opening of the new Mike's Milk Store in Haliburton. There will be super discounts and specials galore. The new building which is nearing completion will also include other businesses.

That section of road on Cedar Street next to the Bell Telephone building is very treacherous when the road is icy. If it's not really sanded all the time we can look for trouble on this corner. If a vehicle is unable to stop at the intersection that leads onto Highland Street and another vehicle is coming up the highway, it's very hard to avoid an accident. There was an accident here just recently. It's very hard just to know what the solution to this problem is.

Several people have mentioned to us the fact that the old tank that is situated next to the Legion Hall in Haliburton is nothing but an eye sore. Some visitors from out of town have mentioned to us that it's nothing but a reminder of the last war which most people would like to forget.

We have had several phone calls and letters reach us here at The Echo wanting to know why we aren't publishing the council minutes from the various municipalities in the area. We would like to advise these people that in the future we will publish as many of these minutes as space allows. During the past couple of weeks we have received several letters to the editor. We are always happy to receive these letters so keep them rolling in.

The Boat Show is over in Toronto and many people from Haliburton were in Toronto to view the showing of the new boats and equipment for 1978.

We are sorry to report that Howard who operates the Echo's of Yesterday an antique business on the main street in Haliburton is at present a patient in the Minden Red Cross Hospital. We wish him a speedy recovery.

Dysart Municipal Council Minutes

Minutes of a Special Meeting of the Dysart Municipal Council, held in the Council Chambers, on Wednesday, January 4, 1978, commencing at 7:00 p.m.

Members Present:
Murray Fearney
Harold C. Bannon
Roy Brohm
Gary McKnight

NUTRITION WEEK

Mrs. Paula Green
Director, Consumer Affairs

Nutrition tips are often passed along in this column, and good eating is especially relevant this week. The Ontario Dietetic Association is sponsoring Jan. 23-29 as Nutrition Week, with a primary focus this year on good food habits for children. In response, here are some ideas for a balanced lunch.

Lunch is the perfect time to include servings from all of the 4 basic food groups: milk and milk products, meat and alternates, fruits and vegetables, and bread and cereals. Keep a selection on hand of all the groups which you can easily add to the lunch box or plate.

Add apples, bananas, or oranges; keep carrot sticks, celery sticks, cucumber wheels, etc. available in small plastic bags in the refrigerator; include whole grain cookies or muffins for dessert; vary beverages between milk and Vitamin C juices. Use hard cheeses. Sandwiches, yogurt or leftovers may serve as a main course, but don't make them for the whole meal.

Prepare a lunch that will fit in with the two other meals, thus using available supplies and filling the day's food needs as recommended by the Canada Food Guide.

Dysart Council Minutes

from page 9 Carried
No. 3541

That the Ontario Municipal Board be advised that the Municipality will be passing amendments to comprehensive Zoning By-Law 77-32 to accommodate any restricted area By-Laws that have been passed by the Municipality and have been or will be presented to the Board for approval.

Carried
No. 3542

That Derrell B. Stamp be appointed Weed Inspector for 1978 and the Clerk so advise the Ministry of Agriculture and Food.

Carried
No. 3543

That the Clerk be authorized to make application for funding for 24 students under the Young Canada Works Program, said jobs to be oriented to the maintenance and upgrading of existing recreation facilities at Kennis Lake, Haliburton Lake, Eagle Lake, West Guilford, Harcourt and Haliburton to consist of grounds and building clean up and painting.

Carried
No. 3544

That the comprehensive zoning By-law be amended to include the following plans of subdivision:

- (1) Highland Wood Partners
- (2) James Csanig
- (3) Glen Dean Investments
- (4) Jagdsafari Holdings
- (5) Joseph Kronick
- (6) Price Yards

Carried
No. 3545

That the correspondence and finance committee be composed of Harold C. Bannan, N. Jack Denholm and Murray Fearney for 1978.

Carried
No. 3546

That Nancy O'Neil, Marlene Main, John Deterling, Ken Vaughan, Chuck Irvine, Lee Sutherland and Ross Vandreau be appointed to the Harcourt Community Centres Board for the year 1978, and Harold Bannan and Gary McKnight from Council.

Carried
No. 3547

That Council requests the Ministry of Manpower and Immigration to reconsider their decision to discontinue the Canada Works Program on the termination of the existing programme. These programs have been of immense value to the local Municipalities throughout the County, without which many projects would not have been started let alone completed. These projects have also created jobs where none existed before and where high unemployment was the rule rather than the exception.

Should the Government in their wisdom decide not to continue Canada Works as we have known it, then we request that any funding be made available to the Municipalities as well as the private sector, further

Be it resolved that the Municipality request the Ministry of Manpower and Immigration to include the Public Sector (Municipal and Local Boards) in the JET Program (Job Experience Training). This Municipality could presently use three people under such a program but in the absence of Federal funding these jobs will not be filled.

Carried
No. 3548

That Council expresses their thanks to the Ministry of Environment for the Derelict Motor Vehicle funding, File #D330318, for 1977, and would advise that it has been very successful in our area, we therefore would request funding for the year 1978 if funds are available.

Carried
No. 3549

That Council disagrees with the recommendations in the report of the Provincial-Municipal Grants Reform Committee, with reference to Chapter 5 - Transportation, whereby municipalities with under 5,000 population would receive a flat grant of 50%. This is in our opinion would be unacceptable since we are now on a 75% funding basis, such a move would increase road costs to the taxpayers of this Municipality in excess of \$100,000.00 per year on the basis of the present expenditure.

Carried
No. 3550

That the Clerk be authorized to advise the offices of Gambin, Bratty, etc. (Barristers & Solicitors) that Deer Lake Drive on Plan 532 belongs to the Township, however it has never been assumed into Maintenance, and it is our understanding

HOMEOWNERS

Insurance rates on resident property have been increasing. There are various ways that your INDEPENDENT INSURANCE AGENT may help you improve on your present insurance premium.

1. At the cost to replace your home today are you insuring to replacement value?
2. Do you live in a HYDRANT area?
3. Do you live within FIVE miles of a Fire Hall, off an open road and accessible year round?
4. Those also who live outside the areas mentioned and Summer Residents. CALL THE

ENGAGEMENT

Mr. & Mrs. Charles S. Brandon are pleased to announce the engagement of their daughter, Allison Ruth to Mr. John Robert Masters, son of Mr. & Mrs. J.L.A. Masters of Toronto. Wedding to take place on March 11, 1978.

DEATH NOTICE

AT REST
at the North York General Hospital on Monday, January 16, 1978
Harry Pattinson Bishop
in his 74th year

Beloved husband of Elizabeth Viola Curry Bishop; dear father of H. Curry Bishop of Halliburton, Patricia (Mrs. T.A. Irwin) of Halliburton and Wendy (Mrs. B.E. Boyle) of Willowdale; and loving grandfather of 11 grandchildren and one great granddaughter.

FUNERAL SERVICE
Rested at the Funeral Chapel of John Welch & Son Ltd., Minden, for complete funeral service in the Chapel on Wednesday, January 18, at 1:30 p.m. Spring Interment at Evergreen Cemetery, Halliburton.

AT REST
Suddenly
at the Red Cross Hospital Halliburton on Saturday, January 21, 1978
Lawrence Pritchard
in his 83rd year.

Beloved husband of the late Elsie Coulter; dear father of Lena (Mrs. C.D. House) of Burnaby, B.C., Doug of Minden and Marjorie (Mrs. G.D. Loughheed) of Barrie; loving grandfather of 10 grandchildren and two great grandchildren; dear brother of Nellie (Mrs. J. Graham) of Minden and Bertha (Mrs. P. Lewis) of Toronto; predeceased by several brothers and sisters.

FUNERAL SERVICE
Rested at the Funeral Chapel of John Welch & Son Ltd., Minden, for complete funeral service in the Chapel on Monday, January 23, at 2:00 p.m. Spring Interment at Minden Cemetery.

AT REST
at the Red Cross Hospital Halliburton on Monday, January 16, 1978
Ruby Scott
in her 55th year

Beloved wife of Ray Scott; dear mother of Hazel (Mrs. Warren Berger) of Whitby, Barbara Ann (Mrs. Jack DeLorme) of Halliburton and Jean Scott of Toronto; loving grandmother of four grandchildren; and dear sister of Maude (Mrs. Veitch) of Hamilton.

FUNERAL SERVICE
Rested at the Funeral Chapel of John Welch & Son Ltd., Minden after 2:00 p.m. Wednesday, for complete funeral service in the Chapel on Thursday, January 19, at 11:00 a.m. Spring Interment at Maple Lake United Church Cemetery.

IN MEMORIAM

IRISH, Charles E. - In loving memory of a dear father, who passed away Jan. 21, 1972.

Dear Dad you are not forgotten, Though on earth you are no more, Still in memory you are with me As you always were before.

Sadly missed by your son, Gerald.

McCREA, James R. In loving memory of a beloved husband, father and grandfather who passed to eternal life, January 30, 1974.

"He left us quietly, his thoughts unknown But left us a memory we are proud to own, So treasure him Lord in Your Garden of rest For when on earth he was one of the best."

Sadly missed and always remembered by wife Mary, son Vernon, daughters Marilyn and Beth and their families.

WRUTH - James, January 31, 1974. In loving memory of dad and grampa.

Gone from us, but leaving memories, Death can never take away Memories that will always linger, While upon this earth we stay.

Murray, Ruth, Dwain, Arlene and Jim

NOTICE TO CREDITORS

NOTICE TO CREDITORS AND OTHERS

In the estate of **Harry Pattinson Bishop**, deceased. All persons having claims against the estate of Harry Pattinson Bishop late of the Township of Dysart, in the Provisional County of Halliburton, who died on or about the 16th day of January, 1978 are hereby notified to send particulars of the same to the undersigned on or before the 15th day of February, 1978, after which date the assets will be distributed with regard only to the claims of which the undersigned shall then have notice.

DATED at Halliburton this 23rd day of January, 1978, by **Harry Curry Bishop**, Box 309, Halliburton, Ont., KOM 1S0, Executor for the Estate of Harry Pattinson Bishop.

THANK YOU

We wish to express our thanks to the members of the Halliburton Tri-County Mid-Get Hockey team who worked to save the life of our son, Tim, after he was injured in the hockey game at Beaver-ton. Thanks also to Mrs. Hore for her help and concern.

May God Bless and reward you all.

Gordon & Lorena Sharpless

TOWERS & ANTENNA'S INSTALLED CALL ... 457-1091

CARD OF THANKS

The Stanhope Recreation Committee would like to thank everyone who skated, sponsored and helped in any way to make our skatathon so successful. The 38 participants skated under cold conditions and the chilly winds numbed the bones of the counters, but the enthusiastic gathering never complained.

Thanks to the Council for letting everyone use the Twp. Garage for a change room and refreshment break. The hot chocolate was donated by Welch's Store and coffee served by the area ladies was warmly received by everyone. The skaters will be collecting their pledges this next week and the money collected will be used to further recreation facilities in our Township.

Thank You

by Daughter Pat

Sincere appreciation to Dr. Harry Good of Halliburton and the Doctors and nurses of the North York Hospital, Willowdale for their skillful and constant care of Dr. Harry Bishop.

A special thanks to Rev. and Mrs. Donald Nicholson for their daily prayers, wise council and their empathetic insight into the immediate needs of our family.

We would like to express our many thanks for the kindness and understanding of friends, the word of encouragement when it was most needed, the concerned telephone calls and the much appreciated food from the thoughtful neighbours. Also the many cards received in the hospital.

Mr. Gordon Monk of Welch's Funeral Home we express our gratitude for his understanding assistance and patience.

We would also like to say a thank you to Nancy's Flowers for the beautiful arrangements she arranged for the family.

We appreciate also the Legion service conducted Tuesday evening and the food provided the following day by their kind and thoughtful wives.

Help all of us who were so fond of Harry to find solace in the treasured past memories. May tomorrow be a better day for having known and loved him.

Words alone cannot express our gratitude for all your help.

God Bless You All.

Vic Bishop and family

tion and backgrounds. Mr. Jones' talk was most inspiring, informative and humorous and left one wondering if we, as Canadians, aren't selling our country just a little short.

About 70 guests and members attended the special meeting and tea on the occasion of the 25th anniversary of Bury's Green Women's Institute Group in Fenelon Falls United Church Hall on Thursday, January 19 from 2:00 to 4:00 p.m. The president Mrs. Rae Morey introduced the W.L. area President, Mrs. Junkin, the Victoria East District president, Mrs. Carew, provincial board director, Mrs. Adams, all of whom offered congratulations and greetings to the Bury's Green Women's Institute. Many cards of best

wishes from other institutes were read by the secretary as well as several musical numbers were rendered and a reading entitled "How a Husband Looks at Women's Institute" was enjoyed by all.

Following the meeting, a large birthday cake decorated in W.L. colours of gold and royal blue was served with the tea and refreshments.

Roy Bryant is presently renovating the interior of the Kinmount United Church. While taking off squares of ornamental tin, which was a very popular wall and ceiling covering in years past, he came across an inscription "May 19, 1909, Burt Schrotter". This discovery will, no doubt, be of interest to the people in the Kinmount and Halliburton areas where Burt lived and worked some years

ago.

Norland Bowling team standings as of January 18, 1978. E. Forsythe - 46 pts.; J. Maunder 31 pts.; K. Watson

29 pts.; J. Boyce 23 pts.; D. Boyce 22 pts. and E. Edwards 17 pts. Ladies High Single -

Michele Angiers - 235, Triple - Jean Boyce - 534, and High average - Eileen Forsythe 193. Men's High Single and Triple - John Beachli - 314, 749 and Men's High Average - Don Lee and Doug Boyce - 183.

Winner of Norland Volunteer Firemen's Association Hockey Pool on Saturday, January 14, was Fire Chief Jim Boyce.

Enclosed in your last hydro bill was a folder called "Home made Savings". Be sure to read it and keep in mind these tips on how to conserve electricity in your home. Some of them you may already be doing, others may be ideas of which you hadn't thought. If each of us saves a little energy, it will add up to a lot.

An incident involving the Silver Maple Motel and a 1972 bus owned by Canada Coach Lines Ltd. has resulted in charges being laid against the Hamilton area bus driver, William Erskine.

Erskine has been charged with failing to report an accident following the Janu-

ary 21, incident. The driver of the bus allegedly was trying to turn around the home of motel owner Donald Little, when the left side of the bus struck the house causing an approximate \$400 damage. Investigating officer was Constable Rollins.

House-bus collide Hamilton driver charged

Lawrence Pritchard

from page 1

thrill it must have been for him when he was appointed as Warden for Haliburton County. Along with the many various organizations he belonged to was the Masonic Order in which he was a member for many years.

The first telephones in the village of Minden came in the Fall of 1921. A meeting was called to discuss a telephone system for Minden township. Three men were chosen to arrange for this system for the township of Minden, two of these were Frank Gartshore, of Minden, Tom Rogers of Carnarvon, the third one was R.H. Baker.

When the line to Carnarvon was started the committee suggested that Lawrence Pritchard be the maintenance man for the system and he took on the job for eight years and built lines and installed phones. A few years later he was hired by the Haliburton Telephone system to run a copper line from Haliburton to Fenelon Falls. In 1927 the village of Haliburton got in touch with Lawrence to build a line to Gooderham along the old Buckhorn Road and later on became maintenance man for the Haliburton telephone system.

Many years later the late Mr. Pritchard started up his own electrical business in Minden which is still being carried on by his son Doug known as Pritchard's Electric.

In 1928 he was sworn in as County Constable, there were four in the County, one at

each of Dorset, Haliburton, Gooderham and Minden. He started in as an auctioneer in 1921 but had to give it up in 1971. During this time he handled over 500 sales.

A few years before his death he was forced to retire from everything due to ill health in which time he had to have both legs amputated. This meant that the only way he could get around was in a wheel chair. This didn't stop Lawrence from living the good life and living it to the fullest. He could get around well in this wheel chair and he loved to leave home and travel down to the main street of Minden and chat with all of his old friends, and he had many.

With the passing of Lawrence Pritchard it leaves us with the feeling that we have all lost a truly great friend and he could be termed as one of the founders of Haliburton County. The main street of Minden just won't seem the same now that Lawrence has gone.

Lawrence Pritchard who was in his 83rd year was the beloved husband of the late Elsie Coulter; dear father of Lena (Mrs. C.D. House) of Burnaby, B.C., Doug of Minden and Marjorie (Mrs. G.D. Lougheed) of Barrie; loving grandfather of 10 grandchildren and two great grandchildren; dear brother of Nellie (Mrs. J. Graham) of Minden and Bertha (Mrs. P. Lewis) of Toronto; predeceased by several brothers and sisters.

FUNERAL SERVICE

He rested at the Funeral Chapel of John Welch & Son Ltd., Minden for complete, funeral service in the Chapel on Monday, January 23, at 1:00 p.m. Spring interment at Minden Cemetery.

Masonic service in the Chapel on Sunday at 8:00 p.m.

Dysart Council Minutes

from page 10

that conveyances have been made on the basis of Private Road Access.

Carried

No. 3551

That the application of Albert Jobin, fronting Part Lot 28, Concession 4, Dysart Township, for a water lot be approved and recommended to the Ministry of Natural Resources.

Carried

No. 3552

That the application of Kenneth J. Cosby (Harcourt Park Marina) part of Lot 11, Concession 7, in Harcourt Township, for a water lot be approved and recommended to the Ministry of Natural Resources.

Carried

No. 3553

That the matter of the Municipal Road in Plan 362, Harburn, and Mrs. Chas. Clark be referred to Fulton, McQuarrie, Hill, etc. for reply.

Carried

No. 3554

That Council concurs with the plan submitted by Campbell Ross on his holdings in the Village Plot. The developer understands that all roads are to be built to Residential Standards, and provision be made to protect the well of Meacham, also a satisfactory arrangement be made for the Municipal 5% or Cash in Lieu.
